# kopalne kadi

bathtubs

Kopalna kad Evita iz sanitarnega akrila se lahko vgradi ali montira z oblogo.

The Evita bathtub, which is made of sanitary acrylic, can be installed as a built-in model or with a bath panel.

# Evita

190x90 / 180x85 / 180x80

170x80

Čiste, ravne linije tvorijo sodoben minimalističen videz, pravokotna oblika kopalne kadi omogoča udobno ležanje, ožji robovi pa dajejo lahek, prefinjen videz.

Praktična polica služi kot prostor za montažo armature in je priročna za odlaganje kopalnih pripomočkov ter dekoracije.

Clean, straight lines create a contemporary, minimalist look. The rectangular shape allows for comfortable reclining, and the slim rims add a light and refined touch.

Practical ledge offers space for fittings and for storing bathing accessories and decorative items.

# Lenox SP

170 x 80 / 160 x 80

Kopalna kad z mehko zaobljenim sprednjim robom in udobno ovalno notranjostjo vnaša v kopalnico občutek sproščenega domačega spa ambienta.

Bathtub has a gently rounded front edge and a comfortable oval interior, bringing a relaxed home spa ambience to the bathroom.

Lenox SP (kad in obloga iz enega dela) omogoča sredinsko, levo ali desno postavitev ob steni, zato je kad primerna za sodobne kopalnice, kjer se prepletata funkcionalnost in estetska dovršenost.

Lenox SP (one-piece bathtub with integrated lining) can be installed centrally, on the left, or on the right along the wall. This makes the bathtub suitable for modern bathrooms that combine functionality with refined aesthetics.

# Betty
